ORDINANCE NO. 12A

AN ORDINANCE GRANTING TO THE ILLINOIS BELL TELEPHONE COMPANY, INCORPORATED, ITS LESSEES, SUCCESSORS AND ASSIGNS CERTAIN RIGHTS IN THE CITY OF BREESE, CLINTON COUNTY, ILLINOIS.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BREESE, CLINTON COUNTY, ILLINOIS, as follows:

Section 1. That the Illinois Bell Telephone Company, its lessees, successors and assigns, are hereby granted the right to construct, erect, renew, maintain and operate in, upon, along, across, under and over the streets, alleys, and public ways of the said City of Breese, Illinois, lines or poles, anchors, wires, cables, conduits, vaults, laterals and other fixtures and equipment, and to use the same for the transmission of sounds and signals by means of electricity, and especially for the conduct of a general telephone business for the period of twenty-five (25) years from and after the date of the passage of this ordinance, and no longer.

Section 2. The rights of said company, its lessees, successors and assigns, under this ordinance, are to be held subject to any and all applicable police regulations that heretofore legally may have been, or that hereafter legally may be adopted by said City of Breese. Nothing in this ordinance shall be so construed as to cause the City of Breese to relinquish any of the powers vested in said City by law to control and regulate the use of its streets, alleys and other public ways.

Section 3. Before doing any excavation, which may interfere with any public or local improvement in any street, alley, or public place in said City, the said company shall secure a written permit therefor from the Mayor of the City and shall, if the Mayor so directs, deposit with the City treasurer such an amount of money as, in the judgment of the Mayor, shall be sufficient to pay the cost of restoring any such disturbed area to its original condition; provided, however, if the cost of restoration as estimated by the Mayor exceeds the sum of One Hundred (\$100) Dollars, the company may, at its option, in lieu of a cash deposit, file its bond of indemnity in such penal sum as the Mayor shall require and conditioned that the company will restore such disturbed area to its original condition, or that the company will reimburse the City for the cost of restoring the disturbed area, in case the City elects to do the work. The bond of indemnity shall be executed by the company and by such surety as shall be satisfactory to the Mayor.

Section 4. The location and relocation of any telephone, poles, lines, wires, sturbs, anchors, cables, conduits, vaults, laterals and other fixtures and equipment of said company, its lessees, successors and assigns in said City of Breese, whether such location or relocation be at the instance of said company, its lessees, successors and assigns, or at the instance of said City in the proper exercise of its police powers, shall be under the control and direction of the Committee on Streets and Alleys, or such other officer or officers as may be designated for that purpose from time to time by said City Council. Said

company shall promptly repair or replace at its sole cost and expense any portion of any street, alley or other public place or grounds in said City that may be disturbed or damaged from the location, relocation or operations of said property of said company. The Company shall restore to their original condition any street, alley or other public place which has been disturbed by the company under the supervision of said Committee and if, in the opinion of said Committee, the Company has failed or is neglecting to properly restore such street, alley or other public place to their original condition, or if for any reason said Committee may deem it expedient to do so, said Committee may take over such work and complete the restoration of such street, alley or other public place to their original condition at the expense of the Company. (In case of a change of grade or of width of any street, or in case when in the opinion of the said City Council a public or local improvement so requires, the said company shall make at its own expense such necessary changes in its structures as the City Council shall direct. The tops of vaults shall at all times present an even surface with the surface of the street at the point where laid, and shall be raised or lowered by said Company to correspond to any change of grade in the said street or alley. Should the said company fail to move its within sixty days after written notice to so do the said committee may remove them at the expense of the said Company. Work done by the Company under this paragraph of this Section shall be governed by the same rules as heretofore laid down in this Section 4 of this ordinance.) All poles, lines, wires, stubs, anchors, cables, conduits, vaults, laterals and other fixtures and equipment of said company shall be so placed and maintained and all work of said Company in connection therewith shall be so performed as not unreasonably to interfere with ordinary travel on the streets, avenues, alleys or other public places or grounds in said City, or with the flow of water in any pipe, sewer, ditch or gutter now existing or which hereafter may be constructed by said City, or with ingress to or egress from any property in said City, either public or private. No trees growing upon the public streets, alleys, ways or other public places of said City shall be out, trimmed, or in any way molested by or for the Company, except with consent and under the direction of the Committee on Streets and Alleys, or such other city official or committee of the city council upon whom the city council may hereafter decide to confer such authority.

Section 5. Said company, after doing any excavating, shall leave the surface of the ground in a neatly graded condition. All sidewalks, parkways, or pavements disturbed by said company shall be restored by it as good condition as before said sidewalk, parkway or pavement was disturbed by it, and in the event that any such sidewalk, parkway or pavement shall become uneven, unsettled or otherwise requires repairing, because of such disturbance by the company, then said company, as soon as climatic conditions will permit, shall, promptly, upon receipt of notice from the City so to do, cause such sidewalk, parkway or pavement to be repaired or restored to as good condition as before said sidewalk, parkway, or pavement was disturbed by said company. Said company shall keep all its poles in an upright position and all other structures which it shall construct by virtue of this ordinance, in a reasonably safe condition at all times, and shall maintain such barriers and danger signals during the construction, repair or renewal of all work performed hereunder as will reasonably avoid damage to life, limb and property.

Section 6. Said Company hereby promises and agrees to indemnify, save and keep harmless, said City of Breese, or any member of the public from any and all damages, judgments, costs, necessary legal expenses, and expenses of every kind and description arising from or growing out of the construction, renewal, extension, maintenance, or cooperation of said telephone exchange and system, or in any manner growing out of the granting of this franchise, either directly or indirectly or from any act of negligence or non-feasance of any contractor, agent or employee of said company. In any case where said city may be made a defendant to legal proceedings to which the company has an indirect or secondary financial interest, the Company shall have the right, at its own expense, to be represented by Counsel of its own, selection to assist in the preparation and trial of such suit, subject, however, to the right of the counsel of the said city to manage and control the litigation at all stages thereof.

Section 7. Said Company, so long as it exercises and enjoys the right hereunder, shall furnish to the city, free of charge, with local exchange service only, and for business of the city only to be installed in such places within said city as the city Council thereof shall from time to time by resolution direct, upon application by said city in the company's usual form one (1) telephone, or in lieu thereof any other exchange service or facilities from time to time furnished by the company to its Breese exchange subscribers as the City may direct, to an amount equal (at the usual lawful rates of the company for such service or facilities then in force for its Breese exchange subscribers) to the lawful rates of the company then in force for said telephone. Said company, without charge and when directed by resolution of the City Council shall change the location of said telephone, provided that not more than ~~one~~ such change of location in any one year of any telephone furnished hereunder shall be made by said company without expense to the City.

Section 8. In case the chairman of the committee on Streets and Alleys shall authorize the moving of a privately owned building from one site to another over the street, alleys or public places of the said City, the said company agrees to cut or raise at designated points at its own expense all its open wires which shall interfere with the free and safe passage of said buildings, within five days after receiving a copy of said permit. And the said company further agrees that upon like notice it will remove any obstructions in said streets, alleys, or other public places caused by any of its structures or property, excluding open wires, so as to permit or facilitate the safe and proper removal of the said buildings over a route selected by the city, provided that the owner thereof shall pay to the company the actual, reasonable and necessary cost to the company of moving and replacing the company's said structure or property; And to secure the payment of such expense, the owner of such building shall within said five day period deposit with the company an amount sufficient to cover the company's estimated expense connected with the removal and replacement of its said structures or property; provided, that if the company's estimate of its said expense is objected to by the owner of the building to be moved, such estimate shall be submitted by the parties interested to the Mayor for hearing and review and his decision as to the amount of the deposit shall be final and binding both upon the company and the owner. If the actual and necessary expense of the company in the premises exceeded the deposit the building owner shall promptly pay

the company such excess; and if the actual and necessary expense of the company shall be less than the deposit, the unexpended portion of the deposit shall be immediately returned by the company to the depositor. It shall be the duty of the company to furnish the depositor an itemized statement of its actual and necessary expense. The company shall not be entitled to any compensation or reimbursement or expenses incurred by the company in connection with moving its said structures or property so as to permit or facilitate any work done by the city or any other public work.

Section 9. The said Company shall file with the City Clerk of the said City within sixty (60) days after the first day of January of each and every year, a statement in such form and detail, as shall from time to time be prescribed by said City Clerk, under the directions of the City Council, of all the said Company's gross receipts from all the business done by said Company, within the City of Breese, for the twelve (12) months next preceding first day of January, which statement shall be sworn to by the President and Secretary of said Company and, at the time of filing of said statement, the Company shall pay into the city treasury three (3) per cent of such gross receipts. All moneys received by said Illinois Bell Telephone Company for service, communication and messages from the exchanges, offices, stations or telephones of the said Company or of its lessees, subscribers or patrons, located within the City of Breese to any exchanges, offices, stations or telephones now or hereafter owned, operated or leased by or to said Company outside the City of Breese (commonly known and designated as "toll" service, communications or messages), together with all moneys received by said Illinois Bell Telephone Company as its share of the gross receipts for service, communication and messages, between the exchanges, offices, stations, or telephones of the said Company, or of its lessees, subscribers or patrons located within the City of Breese and any exchanges, offices, stations or telephones of any other Company or person outside the City of Breese (commonly known and designated as "long distance" service, communication or messages), shall for the purposes of this ordinance and particularly for the purpose of computing the compensation semi-annually due the City of Breese hereunder, be deemed and treated as a part of the gross receipts from the business done by said Illinois Bell Telephone Company within the City of Breese.

Section 10. The company shall, at all times during the life of this franchise, operate, maintain and extend its telephone system and equipment in said city in such manner as will enable it to render, and it shall at all times render, good and efficient telephone service, both local and long distance, to its subscribers and patrons in said City.

Section 11. The company hereby agrees to publish at least once in each calendar year a complete revised alphabetical list of all subscribers and also a classified list of all business houses classified by occupation, and deliver at least one copy to each subscriber. The company also agrees to keep at its office in said City a complete numerical list of all its subscribers to which all subscribers shall have access and the information contained in said numerical list shall be given at any time to any subscriber by the "information operator" at the company's switchboard in said city.

Section 12. The said Illinois Bell Telephone Company in accepting this ordinance and in exercising the rights granted herein promises and agrees that it will never at any time for the purpose of fixing rates of service within the said City of Breese, place any value whatever on this franchise or suffer any such value to be placed thereon nor shall their franchise be considered as having any value in any inventory or appraisal taken for the purpose of fixing the rate of service within the said city of Breese of said Illinois Bell Telephone Company.

Section 13. In case said company shall fail or neglect to comply with any or all of the provisions of this ordinance (unless by a valid court order, or by a ruling of the Illinois Commerce Commission on a subject, over which the Commission has exclusive control and over which the City does not have control, said Company is otherwise directed or prohibited) the said City reserves the right to repeal or rescind this ordinance or contract, provided that no such repeal or rescission shall exist, or be claimed because of such failure or neglect to comply, until due notice in writing of such failure or neglect so claimed shall be given to said company and a reasonable time, not to exceed ninety (90) days, afforded it to correct the things complained of, and by such correction to duly comply with the provisions of this ordinance, or to prove to said city that such compliance already exists. In the event that any court of competent jurisdiction shall adjudge any provision or provisions of this ordinance, invalid or illegal, such invalidity or illegality shall in no way, affect the validity or legality of the remaining provisions of this ordinance, and this ordinance, in all other respects, shall continue in full force and effect, as if such provision or provisions had not been so adjudged invalid or illegal.

Section 14. The rights herein granted shall not be exclusive and the city reserves the right and power to grant, like rights to others for similar uses; such subsequent grants, however, not to interfere unreasonably with the proper exercise of the rights and privileges herein granted.

Section 15. All ordinances or parts of ordinances in conflict herewith insofar as they are in conflict are hereby repealed.

Section 16. Whenever the word "company" or the words "Illinois Bell Telephone Company" are used in this ordinance they shall be construed to mean the Illinois Bell Telephone Company, its lessees, successors and assigns and this ordinance shall be binding upon and inure to the benefit of the said company, its lessees, successors and assigns.
